Adopt A Waterway South Hobart Rivulet

The SHSCG in conjunction with the South Hobart Primary School, have recently been awarded an NRM South Grant and a Commonwealth Community Action Grant for the Adopt-A-Waterway Hobart Rivulet project.

South Hobart Primary School Hall

Tuesday 21st August from 7:30pm.

This forum will include 3 keynote speakers; *Jill Hickie, Senior Park Planner from Hobart City Council will provide an outline of the Council's Hobart Rivulet Park Strategic Master Plan 2011 and the programming of its implementation in the next few years. Ursula Taylor, Derwent Estuary Programme – How the rivulet influences the bigger picture of the health of the Derwent Estuary. Darren Carlson HCC. Stormwater Strategy – Catchment Management and Water Quality.*

Parents, friends, scientists and the South Hobart community are encouraged to come along and be part of this exciting community project. Find out what you can do to help. [Please see web link southhobart.org](http://southhobart.org) for further information

Supporting Organisations include DPIPWE, NRM South, DEP, Hobart City Council, University of Tasmania, Greening Australia, Understory Network, Bushcare, CSIRO, Sustainable Living Tasmania, Hydro Tasmania amongst others.
